(b) the funds utilised so far which State are yet to utilise the funds and the reasons therefor and the instructions issued to States in this regard?

THE MINISTER OF ENVIRONMENT AND FORESTS (SHRI T.R. BAALU): (a) and (b) The information is being collected and will be laid on the Table of the House.

Area of forest cover

1086. SHRI AIMADUDDIN AHMED KHAN (DURRU): Will the Minister of ENVIRONMENT AND FORESTS be pleased to state:

(a) whether the Forest Survey of India has of late, prepared a report on the forest cover of India by remote sensing satellites;

(b) if so, when it was last made, the percentage of forest cover in each State determined on the basis of this survey, the comparative corresponding figures brought out by the earlier three surveys, indicating the percentage decline of forest cover and the reasons for the decline; and

(c) the steps taken and being taken to improve the forest cover, indicating the safe forest cover in each State and the steps envisaged and targets contemplated under the Tenth Five Year Plan?

THE MINISTER OF ENVIRONMENT AND FORESTS (SHRI T.R. BAALU): (a) and (b) Yes, Sir. Forest Survey of India is assessing forest cover of the country biennially since 1987. Report of last assessment was published on 5th June, 2000 as State of Forest Report, 1999. State-wise detaiis of last four assessments are given in the enclosed statement *{See* below), unsustainable withdrawals to meet the demands of the increasing population is one of the main reasons for marginal decline in forest cover.

(c) National Forest Policy, 1988 envisage 33% of land area under forest/tree cover. Under Centrally Sponsored Schemes of the Ministry, a target of 6.80 lakh hectares of afforestation is contemplated in the Tenth Five Year Plan. Various steps taken for increasing forest cover in the country are:

(i) Afforestation programmes are undertaken by State Governments/

UT Administrations from their own resources as well as with financial assistance from Government of India.

(ii) Externally aided projects are implemented for development and preservation of forests.

(iii) Guidelines have been issued to all States/UTs to involve village communities in protection and regeneration of degraded forests.

(iv) Forest (Conservation) Act, 1980 has been enacted to regulate the diversion of forestland for non-forestry purposes.

(v) A network of protected areas has been established.

(vi) Ministry of Environment and Forests has prepared a National Forestry Action Programme to enhance the contribution of forestry and tree resources for ecological stability and people centered development through increased investments in conservation and development of forest resources.

Statement

State-wise forest cover in last four assessments (in sq, km)

State/UT	1993	1995	1997	1999	Net change	Percentage change in forest cover
Andhra Pradesh	47,256	47,112	43,290	44,229 -	-3,027	—6.41
